THIS YEAR LONG SUSTAINABILITY PROGRAM:

• Prepares you for a green sector career.
• Highlights regional and global sustainability challenges and introduces possible solutions.
• Connects you to people working on environmental and social justice issues right here on campus.

STUDENTS WILL WORK WITH UCI STAFF TO IMPROVE THE SUSTAINABILITY OF:

• UCI Community Gardens
• UCI Nature
• Dining & Hospitality
• Student Housing
• Transportation
• Waste, Recycling, & Energy

Application Window: 4/1/17-5/8/17

STUDENTS WILL PARTICIPATE IN PROJECTS RELATED TO:

‣ Campus community gardens
‣ Carbon offset monitoring
‣ Tree canopy analysis
‣ Food justice & food security
‣ Waste management
‣ Energy & resource use reduction
‣ Water conservation
‣ Sustainable transportation

Pre-requisite: BIO194S (a one credit online course that can be taken Spring quarter, Summer Session 1, or SS2)
